Twelve monthly calendars with room to write what is due each day,
plus one-page yearly due-date overview.

- Pair it with the Printable Budget Binder

Bucket Budget Studio

For personal organization only — not financial advice.

- 1** Fill the Yearly Due-Date Overview (last page) once — bill name, usual due day and amount.
- 2** At the start of each month, copy each bill onto its day on the calendar grid (short name and amount).
- 3** Circle paydays with a highlighter. Any bill due before the next payday is paid from the current check.
- 4** List every bill in the table under the grid and tick “Paid” only after the payment clears.
- 5** Bills landing on weekends or holidays: pay them on the previous business day to avoid a late fee.
- 6** Check the Notes box for changes: new rates, price increases, trial endings.
